## POTENTATE'S MESSAGE

### *Welcome Everyone To Our Thirtieth Annual Shrine Circus!*

Each year it has been our objective to bring to Winnipeg a bigger and better show that will create entertainment and fun both for young and old.

The continued increase in attendance we have enjoyed leads us to believe that we have been successful and have satisfied you beyond doubt.

This year we have chosen a variety of acts that are all outstanding and we are confident you will again enjoy our show.

To all you good people please accept my grateful thanks for your generous patronage, your fine co-operation, goodwill and assistance that you have extended to us in order to make this Circus a real success.

A special "Thank You" to the "Circus Daddies" who have brought pleasure to those less fortunate than ourselves.

We do appreciate the wonderful co-operation of the press, the television and radio—also our wonderful General and Committee Chairmen, the Officers, Unit Members and Nobles who have worked so hard; and also for the continued support of advertisers who make it possible to produce this program.

JAMES A. OGDEN,

Illustrious Potentate, Khartum Temple.

### **ABOUT ELEPHANTS**

Did you know that there are 40,000 separate and distinct muscles in an elephant's trunk? The fingers on an elephant's trunk are the same as the fingers on your hand, it is also a nose and with the trunk the elephant carries food and water to the mouth, a sort of knife and fork. An elephant does not drink through the trunk but sucks the water into the trunk and then squirts the water into the mouth. You see, there is a valve two-thirds of the way up the trunk. Nature put it there so the elephant would not choke to death.

### "TERRY" — *World's Youngest Trapeze Artist*

All the glamor a child sees in circus life — the animals, the people, the hustle-bustle atmosphere —barely draws a second glance from little nine-year-old Terry Cavaretta, who is the youngest professional trapeze performer in the world.

"That's a cottage you'll remember."  
"Sure beats the ordinary box approach to a cottage."  
"Isn't that roof something?"  
"Look at those beams and roof . . . no snow load worry there!"  
"That's it . . . that's what I've been looking for all these years."  
"I've never seen anything to match it."  
"Wouldn't the kids like that . . . it's like something from a story book."

"Sleep loft, bedrooms and balcony on the second floor . . . terrific!"  
"If you are going to build a cottage for retirement, might as well build something worth while like this."  
"Wait till my wife sees this . . . it's one she'll like."  
"Just fits my lot."  
"When can you deliver it?"  
"About time somebody came up with a real cottage."

## THE LIBRARY THAT GOES TO THE CHILDREN

The Winnipeg Public Library maintains a permanent collection of children's Books at the Shriner's Hospital for Crippled Children. As all the patients at the Shriner's Hospital are physically handicapped in some way, the library is brought to them.

All the books for the hospital are new for hygienic reasons and material ranges from colorful picture books to a Grade 10 and 11 level of reading. Every Friday the children meet in a large room for films and afterwards the books are wheeled in. During the week the books are stored in the hospital and the children may borrow a book a week.

The interest of the children is amazing and the project has met with enthusiastic approval since its inception.

The Shrine Circus Management Committee would like to express its gratitude to the Winnipeg Public Library for its very kind donation of space in the front of its Downtown Branch for our Shrine Circus Box Office.

WE ARE HAPPY TO PARTICIPATE  
WITH THE SHRINERS IN THE PROMO-  
TION OF THEIR CIRCUS AND WISH TO  
THANK THEM FOR THE PRIVILEGE OF  
PRINTING THEIR PROGRAMME.

# SHRINERS HOSPITALS FOR CRIPPLED CHILDREN

(Winnipeg Unit)

The Winnipeg Unit, Shriners Hospitals for Crippled Children, is one of the bright show places in Metropolitan Greater Winnipeg, particularly in the summer. The Hospital is open to the general public every Sunday afternoon from 2 to 3:30 o'clock and this is an open invitation for the citizens of Winnipeg, and visitors, to visit our Hospital and see the work we are doing for Crippled Children, without regard to Color, Race or Religion. We have no patient income at our Hospital, our great reward being to restore a Smile to little faces and Hope for the future in little hearts.

Here is a short history of our work in Winnipeg:

**1925**—Mobile Unit, Shriners Hospitals for Crippled Children opened in Winnipeg and this later became a wing of the old Children's Hospital, Redwood Ave.

**1945**—Authority received from Board of Trustees for the construction of the Winnipeg Unit, Shriners Hospitals for Crippled Children in Winnipeg. Property obtained at 633 Wellington Crescent.

**1946**—First sod turned by Imperial Potentate George H. Rowe.

**1947**—Cornerstone of new 40-bed Hospital laid at special ceremony by Arthur W. Chapman, Chairman of the local Board of Governors.

**1949**—On June 9th all children moved from the old hospital to their new home on Wellington Crescent.

**1950**—On March 29th, Imperial Potentate Harold Lloyd, visited Winnipeg to officially dedicate the new hospital, "To the Glory of God and to the Healing of this and future generations of Crippled Children".

**1950**—In May it was necessary to move all the patients from the Hospital to Regina owing to the flood conditions that prevailed in Manitoba for several weeks. No damage was done to the Hospital.

**1950**—At the June annual meeting of the Imperial Council in Los Angeles, Potentate Fred Parrish, of Khartum Temple, assisted by the Potentates of the three Western Canadian Temples, handed the deed for the new Hospital over to the Chairman of the Board of Trustees, Galway Calhoun, who said it was the only occasion in all Shrine history that a Hospital had been turned over to the Trustees all paid for and free of debt.

**1962**—Authority received from Board of Trustees to increase the capacity of the Winnipeg Unit from 40 to 50 beds, to take care of the increasing waiting list.

**1962**—Hospital remodelled. Many needed features added and today the Winnipeg Unit is one of the brightest Jewels in the crown of Shrinedom.
